QuickTime Player Must Be Installed

1. Start up Chrome, Firefox, or 32-bit Explorer. Attention: There are two versions of Internet Explorer on Windows 7 (32bit and 64bit).
2. In your web browser search box, type <http://dlc.ucdavis.edu> and go to the DLC web site.
3. Click **Course Materials** in the page.
4. Enter your UCD user ID and passphrase and click **Login**.
5. Find your language, textbook or workbook in the Course page and click its link.
6. Click a track/tape to start up the file. You may need to click the Play button for some old courses.

Note: If your QuickTime Player does not play, please read the instructions and links in the course page. If you still cannot solve your problem, contact the DLC and bring your laptop to get tech support.
